

ALEX KILO

Graduate Electrical Engineer-Power

Lae, Morobe Province, PNG | alexkilo21300@gmail.com | +675 79788651

PROFILE SUMMARY

A highly motivated and detailed-oriented electrical engineer, I aim to apply my strong analytical skills and technical knowledge in designing, developing, and optimizing electrical systems. I am committed to contributing innovative solution that improve efficiency, safety, and sustainability in engineering settings. My goal is to leverage my knowledge in circuit design, power systems, and project management to advance in a challenging engineering role, where I can collaborate with multidisciplinary teams to learn from them and deliver the most efficient and impactful results.

PRFFESSIONAL EXPERIENCE

Electrical Intern, PPK Electrical Contractors, Mendi, SHP

July 2023-January 2024

- Assist in the installation, maintenance, and repair of electrical systems, including wiring, conduit, and lighting fixtures.
- Learn to read and interpret blue prints, wiring diagrams, and technical drawings.
- Participate in the installation of electrical panels, circuit breakers, and other electrical components.
- Communicate effectively with team members and supervisors to ensure timely completion of project.
- Support licenced electricians in diagnosing and troubleshooting electrical issues in existing systems.

Trainee Engineer PNG Power Ltd, Taraka Substation, Lae, Morobe Province

Nov 2025-Jan 2026

- Assisted on a 10MW power station project
- Perform HV cable termination and insulation resistance testing.
- Assisted in data cable installation, wiring and welding tasks.
- Worked with multi disciplinary engineering and technical teams.

Intern Goodman Fielders, Maintenance and Engineering Department, 11 Mile, Lae, Morobe Province

Jan 2026-March 2026

- Assisted with preventive maintenance in the food manufacturing environment.
- Observed and support automation systems and electrical control panel operations.
- Gained exposure to PLCs, troubleshooting processes and industrial safety systems.
- Worked alongside engineers and technicians in daily maintenance operations.

EDUCATION

Electrical and communication- power Engineering, Papua New Guinea University of Technology, Lae, Morobe Province.

February 2021-November 2025

Graduated with Bachelor Degree

Grade 11-12, Kerevat National School of Excellence, Rabaul, East New Britain Province

February 2019-November 2020

Graduated with grade 12-Certificate.

Grade 9-10, Mendi Secondary School, Mendi, Southern Highlands Province

February 2017-November 2018

Graduated with grade 10-Certificate

CORE COMPETENCIES

- Time management
- Research and analysis
- Effective communication
- Team collaboration

TECHNICAL SKILL

- Microsoft office suit (Word, Excel, PowerPoint)
- Report Writing
- MATLAB Software
- SOLIDWORKS
